4. Performance Conditions

- 4.1** Retailer shall achieve a minimum of 88% display compliance measured across the audited store sample. Compliance below 88% but at or above 75% results in a pro-rata reduction of display funding. Compliance below 75% forfeits display funding in full.
- 4.2** Retailer shall submit weekly POS and on-hand inventory files by 10:00 CT each Tuesday for the prior week ending Saturday, at store/item grain. Two or more consecutive missed submissions suspend scan-back accrual until files are current.
- 4.3** Incremental volume target is 14.5% over the FY25 comparable-period baseline of 128,640 equivalent cases. Achievement between 100% and 115% of target earns a growth rebate of 0.75% of net promoted purchases; achievement above 115% earns 1.25%.
- 4.4** Out-of-stock rate on committed SKUs shall not exceed 4.0% of store-weeks. Supplier fill rate commitment is 97.5% on-time in-full; shortfalls below 95.0% waive the corresponding Retailer OOS obligation for the affected weeks.
- 4.5** Deductions must be submitted within 90 days of event end with supporting documentation. Undocumented deductions are subject to reversal.
